

Our Charity Needs You...

Alzheimer's Society is the UK's leading care and research charity for people with dementia, their families and carers. There are 70,000 people with dementia in the UK with numbers set to rise to one million by 2025.

The Side by Side Befriending Service offers one to one support to people in the early stages of dementia to enable them to maintain social and community links. All befrienders are volunteers who offer friendship and support aimed at reducing social isolation for people with dementia and their carers.

Volunteer Befrienders required
