KEEPING WARM AND WELL

‘Cold homes have a significant impact on people's health. One of the best ways of keeping yourself well during winter is to stay warm.’

Keeping Warm and Well is a project which aims to help you to keep your home warm in the winter through a range of solutions.

Our energy advisor is able to visit you at home to give advice on keeping warm and well.

This can include:

- Energy tariff switches to ensure you aren't overspending on your gas and electricity
- Identifying and assisting you to apply for funding for energy saving measures or to replace faulty equipment where applicable
- Registration on to the priority services register
- Referring for draught excluding measures and winter warm checks to make sure your home can stay warm.
- Benefit check to ensure you are in receipt of correct benefits
- Help and advice with fuel debt
- Promotion of energy awareness to the residents of Bassetlaw

Do you have your SMART meter?

Are you confused about what SMART meters are and how they can help you?

This winter Bassetlaw Action Centre are working with SMART energy GB to provide advice and information on SMART meters and their benefits. Please contact us on 01777 709650 for more information.

Are you overspending on your energy bills?

We are working with Big Energy Saving Network to help consumers across the country save money on their energy bills. If you feel like you are spending too much please contact us and we will review your tariff and assist you to switch if required. Call us on 01777 709650.
