

What's happening in the clays?

Autumn. Hooray for cooler weather and crisp bright days, with some much-needed rain. We hope you will be able to join us in this new season for all the events that we have planned. Services again are shared around the Clays Group, but you will find a warm welcome whichever church you attend. Every Wednesday evening there will be a session called the Service Station at Clarborough church at 7:00pm. These can be discussions or fun activities and are always entertaining.
