Dangerous Women of Nottinghamshire

**Bassetlaw Museum
7th May, 7.15pm**

Adrian Gray, the well-known local historian, will be speaking about the Dangerous Women of Nottinghamshire. This lively presentation looks at some of the women of Nottinghamshire who have had a significant impact in challenging the man's world that they were forced to live in. The selection includes a mix of social and spiritual revolutionaries who had an impact way beyond the county boundary.
