

# NOTTINGHAM FESTIVAL of SCIENCE & CURIOSITY

**Bassetlaw District Council is supporting Nottingham  
Festival of Science and Curiosity by hosting a range of  
FREE events between the 12th and 16th of February:**

**Mon 12th Feb**

**Bassetlaw Museum**

Drop-in activity 10am to  
12noon and 1pm to 3pm

**Exploring Electricity**

Join the Maker{Futures} team to create, tinker, test  
and get hands-on with playful activities that explore  
electricity, power and energy.

**Tues 13th Feb**

**Bassetlaw Museum**

Drop in activity 10am to  
12noon and 1pm to 3pm

**Veolia recycling and craft**

Find out about the science of recycling and what you  
can upcycle from things that we throw away every day  
plus make a recycled craft to take home.

**Tues 13th Feb**

**The Bridge Skills Hub**

Bookable activity 11am,  
12noon, 1:30pm and 2:30pm

**The Wonder of Space - Family Planetarium Show**

Inside the 'Explorer Dome' inflatable planetarium we  
explore our planet, moon, sun and solar system. Go  
star-spotting to discover the constellations and the  
stories behind them through the gods, heroes and  
monsters from Ancient Greece.

**Tues 13th Feb**

**The Bridge Skills Hub**

Drop-in activities 11am,  
12noon, 1:30pm and  
12:30pm

**Exploring Electricity**

Join the Maker{Futures} team to create, tinker, test  
and get hands-on with playful activities that explore  
electricity, power and energy.

**Tues 13th Feb**

**The Bridge Skills Hub**

Drop-in activities 11am to  
3pm

**Bassetlaw Employer STEM Activities**

'Have a go' STEM activities including construction, VR,  
and engineering supported by Laing O'Rourke, B&B  
Group, Doncaster and Bassetlaw Teaching Hospital,  
RNN Group, NG Bailey and Vinci Construction,  
amongst others.

# NOTTINGHAM FESTIVAL of SCIENCE & CURIOSITY

**Tues 13th Feb**

**The Bridge Skills Hub**

Bookable screenings 4pm to 5:30pm and 7pm to 8:30pm  
Ideal for 14+ Years

**‘Star Makers – The Energy of Tomorrow’ and Q&A**

Watch a film and meet the cast of record-breaking fusion energy scientists and engineers aiming to recreate a star here on Earth. ‘Star Makers’ is a behind-the-scenes documentary by UKAEA to provide the world with safe, sustainable low carbon energy. A Q&A session will explore the science and the STEP project at West Burton in Bassetlaw.

**Weds 14th Feb**

**Bassetlaw Museum**

Bookable Activities 11am, 12:30pm and 1:30pm.

**Trelleborg employer STEM Activities**

Join local employers and training providers for a series of ‘have a go’ STEM activities including construction, food technology and engineering supported by Trelleborg Retford.

**Thurs 15th Feb**

**Bassetlaw Museum**

Drop-in activity 10am to 12noon and 13pm to 3pm

**Experiment with Colour**

Find out how colours mix and spread using chromatology and have a go a tie dye.

**Fri 16th Feb**

**Bassetlaw Museum**

Drop-in activity 10am to 3pm

**Lego activity**

Be inspired by engineering challenges or build whatever you fancy!
